

July 4, 2017

Dear IAHS delegates

As you prepare to travel, here is some final information regarding the scientific assembly in Port Elizabeth:

- If you have not yet registered, you may register on-site. Credit card facilities will be available for registration only.
- If you are not able to attend, please do withdraw via the Copernicus web site. That way the session convenors will be aware of your withdrawal and can respond to potential gaps in the programme. No-shows for papers that appear on the final programme frustrate everyone.
- You can access an overview of the final programme including side-events via the conference web site (<http://cwrr.ukzn.ac.za/iahs/iahs-2017-in-south-africa>) and the full scientific programme using the Copernicus online platform (<http://meetingorganizer.copernicus.org/IAHS2017/sessionprogramme>).
- A conference dinner is being organised for Thursday July 13th. Tickets will be on sale at the registration desk until about 11h00 on Monday, so please book your place when you register. Tickets for the dinner are R200.00 and must be paid for with cash. (i.e. South African Rands only).
- Please check the information leaflet at <http://cwrr.ukzn.ac.za/docs/default-source/iahs-letter/iahs-2017-information-leaflet.pdf?sfvrsn=0> for information regarding currency, cell phones, power adapters required etc.
- A long term weatherforecast for next week is available at <https://www.wunderground.com/global/stations/68842.html> Conditions are likely to be cool, but mostly clear (Max 19C, Min 8C).

I hope you all have a safe and comfortable journey to South Africa. We look forward to meeting you in Port Elizabeth on Sunday.

Regards

Graham Jewitt on behalf of the LOC
